Table E: List of organizations who have at least one positive LMO for the Live-in Care program (LCP) in Prince Edwards Island from January 01, 2013 to December 31, 2013

Organization Name
Connolly, Fabiana

Notes

1. Source: Foreign Worker System (FWS). Data extracted February 11, 2014.
2. Five tables are presented that provide LMO information in the province of Prince Edwards Island from January 01, 2013 to December 31, 2013 as the following:
Table A: list of organizations and number of positions with positive LMOs for all programs and skill levels.
Table B: list of organizations and number of positions with positive LMOs for low skill stream (NOC C and D).
Table C: list of organizations and number of positions with positive LMOs for the SAWP program.
Table D: list of organizations who have at least one negative LMO.
Table E: list of organizations who have at least one positive LMO for the LCP program.
3. One LMO application may be submitted by an employer for any number of TFW positions.
4. The decision to issue a work permit rests with Citizenship and Immigration Canada (CIC). Not all positions on positive LMOs result in the issuance of a work permit. In addition, there is an average delay of 104 days between the decision date and the date on which the TFW obtains a work permit and/or enters Canada.
5. Not all TFWs require an LMO to apply for a work permit. A number of exemptions exist, including those provided for in the General Agreement on Trade in Services and the North American Free Trade Agreement.
6. The numbers appearing in this table may differ from those reported in previous ESDC releases. These differences are adjustments to administrative data files as normally occur over time and reflect refinement in methods of calculation for the purpose of increasing accuracy in the way statistical information is presented.
